Views & Potential

Web ID: WAR

A great example of an older Gloucester home in excellent condition which shows the great history of hardwood timbers in our town. This three bedroom, tile and weatherboard home, features polished original hardwood floors throughout, high ceilings, picture rails and modern kitchen. The views of the Bucketts, to the west, would be some of the best in the area. Two minutes walking to primary school, five minutes to high school, five minutes to main street. Realistically priced.
