Prime Cattle Country

Web ID: HICW

This prime cattle country block, located in the heart of dairy country has wonderful creek flats, and the largest waterhole in the Waukivory Creek. Steel stockyards, hay shed, power on site, from the creek flats to the undulating ridges, this property is there for the taking with 80 per cent arable land.

This property is the perfect dry weather block with various dams, two of them being very large.

The boundary fences are good and all you need is to stock this property and continue to maintain the pasture that has been developed in the low lying flats.
