Web ID: BUN

Heatherdale is a highly regarded property with 1.5 kms of river frontage on the Gloucester River, outstanding alluvial river flats and highly productive ridge country. Formerly run as a dairy, was classed as one of the leading dairy properties in the area.

Has recently been used as a backgrounding property for feed lot steers and at times running up to one beast to 1.5 acres. Has a long super history with a large portion being recently limed.

Major new fencing throughout with laneways interconnecting to the undercover cattle yards, enabling the place to be easily run by one person. Hay and crop production are also a major feature, mainly Lucerne and Corn.
